Rapid Moisture Determination Using 400W Halogen Radiation

Document ID: ACZ-940AFCFF | ISO 9001:2015 & OIML R76 Certified

---

A comparative analytical study evaluating AOAC standard oven drying methods against Aczet MB 200 Halogen Moisture Analyzers in food QA, pharmaceutical powder testing, and polymer manufacturing.

Results Summary:
- 85% time reduction compared to classical convection ovens.
- 0.001g readability with 0.01% moisture resolution.
- Standard, gentle, and stepped heating curve profiles.
